SOMEONE YOU LOVED

UKE TAB BY *LEWIS CAPALDI*

[Intro]
C G Am F

[Verse 1]
C **G**
I'm going under and this time
Am **F**
I feel there's no one to save me

C **G**
This all or nothing really got away
Am **F**
you're driving me crazy

C
I need somebody to heal
G
somebody to know
Am **F**
somebody to have somebody to hold
C
It's easy to say
G
but it's never the same
Am
I guess I kinda liked the way
F
you numbed all the pain

[Chorus]
C
Now the day bleeds
G
Into nightfall
Am
And you're not here
F
To get me through it all
C
I let my guard down
G
And then you pulled the rug
Am
I was getting kinda used to
F
being someone you loved

[Verse 2]
```
  C                        G
I'm going under and this time
                          Am      F
I feel there's no one to turn to

  C                        G
This all or nothing way of loving
                         Am     F
got me sleeping without you

                         C
Now I need somebody to know
            G
somebody to heal
            Am
somebody to have
                      F
just to know how it feels
              C
It's easy to say
                     G
but it's never the same
                   Am
I guess I kinda liked the way
               F
you helped me escape

[Chorus]
                  C
Now the day bleeds
              G
Into nightfall
                  Am
And you're not here
                        F
To get me through it all
                  C
I let my guard down
                           G
And then you pulled the rug
                      Am
I was getting kinda used to
                   F
being someone you loved

[Bridge]
    Dm             Am
And I tried to close my eyes
              G
but it hurts sometimes
            Am     Dm
I fall into your arms
       Am
I feel safe with your sound
         G
till you come back around
```

[Chorus]
```
                C
Now the day bleeds
              G
Into nightfall
                Am
And you're not here
                       F
To get me through it all
                C
I let my guard down
                           G
And then you pulled the rug
                      Am
I was getting kinda used to
                  F
being someone you loved

[Chorus]
                C
Now the day bleeds
              G
Into nightfall
                Am
And you're not here
                       F
To get me through it all
                C
I let my guard down
                           G
And then you pulled the rug
                      Am
I was getting kinda used to
                  F
being someone you loved

                C
I let my guard down
                           G
And then you pulled the rug
                      Am
I was getting kinda used to
                  F
being someone you loved
