WHAT MAKES YOU BEAUTIFUL

UKE TAB BY *ONE DIRECTION*

```
C                                F
You're insecure, don't know what for
Am                                                G
You're turning heads when you walk through the do-o-or
C                               F
Don't need make-up - to cover up
Am                              G
Being the way that you are is eno-o-ough

C                      F
Everyone else in the room can see it
Am                 G
Everyone else but yo-ou

        C           F           Am     G
Baby you light up my world like nobody else
            C              F              Am  G
The way that you flip your hair gets me overwhelmed
             C             F                 Am      G
But when you smile at the ground, it ain't hard to tell
          C
You don't know
F
Oh oh
Am                     G
You don't know you're beautiful!
    C     F          Am     G
If only you saw what I could see
            C              F              Am  G
You'll understand why I want you so desperately
             C             F        Am      G
Right now I'm looking at you and I can't believe
          C
You don't know
F
Oh oh
Am                     G         C

C                         F
So c-come on, you got it wrong
Am                                G
To prove I'm right I put it in a so-o-ong
C                               F
```
